Sign up at www.affinity-backup.com

30 Days NO HASSLE money back guarantee

Unlimited Backup for your PC or Mac

Unlimited online backup for your computer. Add additional computers at any time for a low fee.

Access files from any web browser

Log in to view all of your files online from any web browser. Browse them just like you would on your PC.

Access files on your mobile device

Free apps for iOS and Android let you view your photos, music, movies and documents from anywhere! Or use our specially optimized mobile site to view your files.

Access up to 30 previous versions of any file

Need to revert a change you made? File overwritten? No problem – we keep up to 30 versions of any file in the cloud.

Restore deleted files

We keep your deleted files for 30 days. Restore files or entire folders from the cloud at any time with one click.

Stream your music and movies straight from Affinity Backup Solutions

Watch your movies and listen to your music from your web browser or mobile device.

Super fast transfers

We do not limit your transfer speeds or bandwidth, and our data centers have super fast connectivity around the world.

100% safe and secure

Your online files are encrypted with military grade AES-256 encryption to keep them safe.

Works on Mac and Windows

Get exactly the same experience on your Mac and Windows computers. Requires Windows XP or later, and Mac OS X 10.6 (Snow Leopard) or later.

Outstanding support

Our support team are passionate about customers, and will get back to you on any issue within 24 hours.
